Tuesday was the prettiest day we have hed this year. The County Treasurer publishes his re

port this week. Some of our older citizens say you can ommence gardening now.

Nearly all of our exchanges are advising farmers to raise mule colts. Some of our local weather prophets are

predicting an early Spring. January has been a rough month, so

far as the weather is concerned. The time for making Returns to the

City Clerk expires next Saturday. An inch advertisement in the INTELLI-GENCER is worth a dozen on a tree.

Several of our citizens are talking of going to see Cleveland inaugurated. At present Anderson is without a baker.

There is a good opening here for one. The roads throughout the County are

reported to be in a very tad condition. Will farmers plant less cotton than last year, and more corn, potatoes, peas, &c ? The attention of contractors is directed to the advertisement of the County Com nissioners.

It is hard work to get up news these times. Splitting rails is an easy job in comparison with it.

The Fire Company held an interesting meeting last Monday evening. Four new members were added to the roll.

By reference to another column it will be seen that Messrs. John M. Hubbard and Will R. Tubbard have formed a copartnership, under the firm name of John M. The February and March numbers of The Cotton Plant, the only agricultural journal in the State, published at Marion, S. We received a call on Tuesday from Mr. Alex. S. Thweatt, Traveling Agent of the Georgia Pacific Railway. Mr. Thweatt is a pleasant gentleman, and represents one of the best railway lines in the South. He exhibited to us an interior view of the Mann Boudoir Car, which are in use on his Road. We are in receipt of the January number of that sterling agricultural journal, The Southern Cultivator and Dixie Farmer. It has been changed in form, being made more compact-magazine size-and can be handled with greater satisfaction and preserved in better condition than the old form. This issue numbers over seventy pages, and in quantity it is ahead of any agricultural publication that comes to templates citizenship in Elbert. The our office, while in quality it is the only journal of its kind that is fully adapted to the needs of our Southern farmers. The very best Southern talent is employed in its columns. The "Thoughts for the Month," and the "Inquiry Department," are alone worth the aubscription price. The paper has pages for special cointed by Gov. Thompson to succeed J. full and interesting. It is with regret that we announce the County, and Miss Sallie J. Rodgers, of death of Mrs. Susan A. Whitfield, the beloved wife of our fellow-townsman, Mr. J. C. Whitfield, which occurred at her home in this city last Saturday night at 10 o'clock, after an illness of more than six months, from paralysis. Mrs. Whitfield was born and raised in Spartanburg County, but removed to Anderson with her parents in 1858, and has resided here ever since, being at the time of her death about 47 years of age. She was a most excellent lady, kind, generous and effectionate, making a friend of every one with whom she became acquainted. For more than twenty-one years she was a consistent and active member of the Methodist Church, and during her long illness bore her sufferings with that patience and fortitude characteristic of a true Christian. She leaves behind her a bereaved husband and four children, who have the sympathies of a host of friends and an extensive acquaintance in their bereavement. After appropriate funeral services, conducted by Revs. J. W. Wolling and D. E. Frierson, D. Stop that cough, by the use of Ayer's Cherry Pectoral—the best specific ever known for a'l diseases of the throat and lungs. It will soothe the rough feeling in your throat, give the vocal organs flexibility and vitality, and enable you to breathe and speak clearly.

I have a little daughter seven years old, who for the last four years has been afflicted with a peculiar skin eruption on the face and one hand. I have tried the face and one hand. I have tried seven or eight physicians, among them the best in California and in this province, but to no purpose. The child kept growing worse. Fortunately, I saw a statement in a St. Paul, Minn., paper, of a cure of a disease similar to that of my child. It was affected by Swilt's Specific. I secured six bottles and commenced giving it to my little girl. In less than one week this terrible disease, which had baffled all the known remedies within reach, began to disappear. She has been taking it three months—is perfectly well, and her skin is as clear as wax.

Out of the Jaws of Death

The gentleman who outlines his case below is a nan considerably advanced in life, and is noted for his sterling integrity. His Postoffice i fates-ville, Upson County, Gz. The following is Mr. John Pearson's Statement

Mr. John Pearson's Statement.

In the Spring of 1882 I was attacked with a very bad cough, which continued to grow worse until fall, when I got so weak that I could not get about. I tried a great many kinds of medicine but continued to grow worse. I was notified that I had consumption and would probably die. Dr. Holloway finally told me to try Brewer's Lung Restorer. They sent to Ward's Store and got a bottle and I commenced taking it right away. After taking two or three doses, I began to improve, and by the time I had used up one bottle I was able to get on my feet again. I am now in excellent health. I am confident that the Lung Restorer saved my life and my neighbors are of the same opinion. It is the best Lung Remedy ever made in my opinion. Dr. II, promised me that he would write to the manfacturers and tell them of the wonderful cure it made in my case.

Statement of Mr. Benj. H. Hearndon:

Statement of Mr. Benj. H. Hearndon:

Early in November, 1881, while sewing on the machine, my wife was taken with a severe pain in her side, which was soon followed by hemorrhages from her lungs and a severe cough. Fever commenced, she could neither eat or sleep, and in a few weeks she was reduced to a living skeleton. The attending physician told me that he thought one of her lungs was entirely gone. She could not retain the most delicate nourishment on her stometh. I then agreed with Dr. Sullivan, my family physician, to call Dr. Holloway in consultation. They made a final examination of the patient and pronounced the case hopeless. Dr. Holloway then suggested the Brewer's Lung Restorer as a last resort. I sent for a bottle and gave her a dose. I found that she could retain it on her stomach, and after about the third dose, I began to notice some improvement in her condition. I continued the medicine regularly, and by the time she had taken two bottles, she was able to walk about the house. She is now in better health than she has enjoyed for several years. I believe the Lung Restorer saved her life. We have a family of six children, some of them grown."

We have established what we call "THE ONE PRICE CASH SYSTEM." We buy our Goods in large quantities, and by paying cash for them get the advantage of all discounts, and are therefore enabled to sell at the very lowest possible figures. In order to do this we are obliged to sell STRICTLY FOR CASH.

We know that men who are periectly good for their contracts sometimes get out of money, and while we appreciate their kindness in offering to trade with us, and would be glad to accommodate them in any other way, yet is order to carry out our system, and keep our Stock full in every Department, we will be forced to decline to sell even them on time. AYER'S Hair Vigor

restores, with the gloss and treatness as youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often,

thin hair thickened, and baldress often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures sourf and daudraff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigon is unequalled; it contains neither oil nor dyo, renders the hair soft, glossy, and althen in appearance and inverte a delete. silken in appearance, and imparts a delicate, agreeable, and lasting perfume,

agreeable, and asting perfume,

MR. C. P. BRICHER writes from Kirby, O.,
July 3, 1882; "Last fall my hair commenced
failing out, and in a short time I became
nearly baid. I used part of a bottle of
Aven's Hair Vigon, which stopped the falling of the hair And started a new growth. I
have now a full head of hair growing vigorously, and am convinced that but for the
use of your preparation I should have been
entirely baid."

J. W. Bowen, proprietor of the McArther (Ohio) Enquirer, says: "Aven's Hain Vigors is a most excellent preparation for the lair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigors is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from Boston, Mass., Feb. 6, 1830: "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used Avkn's Haik Viton, and so have been able to maintain an appeanance of youthfulness—a matter of considerable consequence to ministers, orators, agtors, and in fact every one who lives in the eyes of the public."

Mrs. O. A. Prescott, writing from 18 Eim St., Charlestone., Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came oif. It thinned very rapidly, and I was fast growing bald. On using AYRn's HAIR VIOOR the falling stopped and a new growth connienced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the VIOOR, but now use it occasionally as a dressing." We have hundreds of similar festimentals to the efficacy of Aven's Hain Vigor. It

needs but a trial to convince the most skently cal of its value. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass.

ATLANTA, June 5, 1884.

BLOOD BALM COMPANY:

I take pleasure in making the following statement: For four years I have been a great sufferer from Maiarial Blood Poison, and for six months have had Rheumatism to such an extent, that I was forced to use crutches a portion of the time, and could not raiso may left arm to my head. I used all the leading Blood remedies of the day, beadides the attention of several first-class physicians, all without benefit.

I became quite feeble and consciented, having very little appetite and poor digestion.

Calling at your office one day, I secured two bottles of B. B. B., and commenced its use at one, and before one bottle had been used, I felt a most wonderful change. Two bottles have given ma almost entire relief. Rheumatism relieved and can use my arm as good as ever, cared the neuralization my head and all malarial poison is being rapidly relieved, and I feel better than I have for six years. To tell you the truth I have never used such a wonderful medicine in all my life, as the effects have been magical. It has never as a splendid tonic, gave a good appetite and imparted quiet siumbers. I cheerfully recommend it as a quick remedy.
